

BADER FARHAN ALSHAMMARI

Data Analyst

Saudi Arabia · Email: alshammari_bader@outlook.com

Portfolio: www.baderalshammari.com · LinkedIn: [linkedin.com/in/baderalshammari0](https://www.linkedin.com/in/baderalshammari0)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst focused on turning raw business data into clear, actionable insights. Skilled in building interactive Power BI dashboards, data modeling, and using Power Query to clean and transform data into reliable reports. Strong communicator who bridges technical analysis and business stakeholders, helping teams make faster, data-driven decisions. Eager to contribute to reporting, KPI tracking, and ad-hoc analysis as a Junior Data Analyst or Junior BI Analyst.

EDUCATION

Bachelor of Arts in English Literature · Northern Border University, Saudi Arabia

GPA: 4.22 / 5.00

SKILLS

Power BI: Power BI Desktop, data modeling & relationships, Power Query (M), DAX measures, custom JSON themes, interactive dashboards.

Excel: Intermediate — formulas, pivot tables, lookups, data cleaning.

Python (Learning): Pandas & NumPy for data cleaning and transformation, Matplotlib & Seaborn for visualization — practiced through guided projects.

Design: Figma — custom backgrounds and color palettes for dashboards and visuals.

CERTIFICATIONS & TRAINING

Data Analysis Using Power BI · Emdad Almarifah for Training · 2024

- End-to-end Power BI: data import, modeling, DAX measures, Power Query, and dashboard design.

Advanced Excel Skills · Emdad Almarifah for Training · 2024

- Advanced formulas, pivot tables, lookups, and structured reporting workflows.

Data Analysis Bootcamp (30 hours) · Hash Plus Platform · 2026

- Intensive 30-hour bootcamp covering the full data analysis workflow: data cleaning, exploration, visualization, and insight communication.
